

Broome WA

Broome is the only reasonable size town (14000) with all facilities between Darwin and Perth. Emphasis is on tourism, particularly during winter. Because of the severe tidal range you have to anchor out and use the tides to go ashore. Fuel and water are at the main wharf. Contact Harbour Master Ph 089192 1304 before using and watch the currents as they can be severe. Remember that this is the last reliable supply for fuel until Darwin. VMR650 Ph 089192 8202 27megs 88 91 VHF 16 0600-1800 w/e 24 hr listening only. 1. Main shopping centre 2. Roebuck Bay Caravan Park Ph 0891921366. Streeters jetty is a good landing but watch tides. Don't miss the open air theatre built 1916, it's a bit of nostalgia. Markets are held every Saturday morning.
